AUDIENCE HEARS GREAT SERMON

DR. SCOVILLE GIVES MOST SPECTACULAR ADDRESS LAST NIGHT.

FURIOUSLY ASSAILS REVIVAL CRITICS

Scores Those Who Pray Falsely—"God Has an X-Ray Eye," He Says.

Attendance last night 3,000
Attendance to date 16,500

"One statement of Paul is worth more than all the stuff Mrs. Eddy ever wrote," thundered Dr. Charles Reign Scoville at the tent tabernacle last night.

"Christian Science is bunk and it will get knocked so long as I live. You Scientists are too thin skinned anyhow. You jump out of our churches, knock us and the minute we say anything you start kicking.

"I told you the truth when I said, 'Hit a dog and he'll howl; pinch a pig and he'll squeal.' And if you don't like that you can lump it."

A Monster Crowd.

A monster crowd, numbering easily 3,000 persons, heard the evangelist furiously assail his critics, scorch hypocrites and unbelievers and plead for co-operation of local church members in soul winning, last night. In many ways, the sermon was the most spectacular and remarkable Dr. Scoville has delivered in Maryville.

For nearly an hour words poured from his mouth in a rushing stream. He climbed high up on a chair as he described a battle scene. He sat down at the front of the platform with his feet hanging over, put one knee between his hands and talked, beat his pulpit, laughed, stormed, pleaded, argued and wept. Twice during his sermon he called upon Mrs. Scoville to sing.

Audience in Tears.

The audience was taken from tears to laughter and back again. At times the evangelist held the attention so closely that the least sound could be heard distinctly. Yet unlike many evangelists his movements on the platform were not abrupt or jerky. Every move seemed to have a place and although his actions were unusual as compared with the average minister, many after the sermon remembered only what he had said.

"You are unmasked before God," he said, scoring those who pray falsely. "Let me hear a man pray and I will tell you what he is. Regardless of your bluff, God has an X-ray eye.

"It is no snap to live right. Some men live right and have few friends among a certain class. Well, it's no compliment to a man to have the friendship of turkey buzzards, vipers and gnats around the cesspool of corruption.

Hour Has Come.

"The hour of sacrific here in Maryville has come. Sinners in this city must be saved. Sin means divorce, broken hearts, saloons, red light districts, death, suffering, iniquity, the devil.

"Take that word d-e-v-i-l. Take off the d and you have evil left. Take off the e and you have vile; take off the v and you have ill; take off the i and as the Englishman says you have 'ell.

"A man said to me, 'show me a perfect church and I'll join it.' That old geezer would kill a perfect church. One old gink said he couldn't sin but he got so mad that if he had put his old nose in water it would have sizzled.

"God made this world a garden, the devil made it a morgue. God made this world laughter, the devil made it a wail. God made this world a land of happiness, the devil made it a despicable desert."

Mrs. Scoville Sings.

Mrs. Scoville sang "He Died of a Broken Heart for Me" amid intense stillness after the evangelist told the crowd how Jesus can save them from sin. In an instant after the singing he leaped upon Christian Science and for five minutes he raced back and forth on the platform, working every nerve and muscle and with eyes flashing fire hurled defiance at those who criticize him and those who are what he calls "dupes of Mrs. Eddy."

"How many believe as I do about this?" he asked at the close of the tirade. "Hands up!"

Hands went up all over the house but a few persons refused to join.

Three Thousand on His Side.

"Well, there are about 3,000 on my side, anyhow," laughed Dr. Scoville. "I should worry about that little minority."

Then he stood still in a fighting mood, turned on the church members or not winning souls.

"Why, some of you are holding a rope to which lost souls are clinging as they hang over the abyss of eternity and you are cutting the rope," he said dramatically. "The Lord must depend on you in the meeting. To have a revival you must revive yourselves. Go after the bankers, lawyers, doctors, teachers, clerks, laborers, department

Scoville Sayings

Regardless of your bluff, God has an X-ray eye.

—

It's no compliment to you that so many kinds of buzzards are your friends.

—

When I see a woman kiss a dog, I pity the dog. You don't like that? Well, the dog doesn't, either.

—

God made this old world a hallelujah chorus and the devil made it a funeral dirge.

—

"Show me a perfect church and I'll join," said a man. That kind of a geezer would kill a perfect church.

—

You Scientists are too thin skinned. I'll fight you as long as I live. You are wrong.

—

Some fools, almost idiots, say to an evangelist, "Go to it," and then don't intend to help a lick.

—

I told you that inch a pig and he squeals, hit a dog and he howls. Notice some pigs and dogs are making noises.

—

The hour to escape hell has come.

—

If a preacher should tell me he couldn't sin I would lock my chicken coop immediately, believe me.

—

Christians must pray and weep and get on a higher plane to win souls to Jesus Christ.

—

You are unmasked before God.

—

I would rather you church members wouldn't come than to come here prayerless.

ENROLL 163 PUPILS

RECORD NUMBER ATTENDING TWO CATHOLIC SCHOOLS.

MANY MORE EXPECTED

Registration From Country Towns Will Continue Until After Harvest—Successful Term Predicted.

With an enrollment of 163 students for the opening week, St. Patrick's and St. Mary's parish schools have begun the fall work with a more auspicious start than any previous term.

At St. Patrick's school a hundred students are registered, many of these being from neighboring towns. This number will be increased later, as a number of the high school students living in the rural districts do not enter until after the fall harvest.

During the vacation period some new laboratory equipment was added and some slight improvements made in the building. In addition to the regular high school course, the pupils of St. Patrick's school are provided a business and music department.

There are five instructors this year with Sister Dorothy, Superior, and Rev. Father Niemann, director.

63 Enrolled at St. Mary's.

At St. Mary's school the present enrollment is 63, all the entrants being students from the parish only. The course of study embraces the work to the ninth grade and a special teacher is provided for the piano students.

The school is under the direction of Sister Adelberta and her two assistants.

20 PUPILS AT HARMONY H. S.

First Rural High School in Nodaway County Is Proving Fine Experiment.

Twenty pupils are enrolled at the Harmony rural high school, sixteen for the first year high school course and four for the eighth grade work. Other students are expected to enroll this week.

So far, the plan of a rural high school which was introduced into the Harmony district as an experiment this year has proven all that was hoped for it.

All laboratory equipment and a library as approved by the state board of education for a third grade high school have been provided.

The school is taught by John I. Charlton and is conducted in the basement of Harmony church. The location of Harmony is central for the Casteel, Moore, Champaign, Excelsior and Snowball districts and the students now entered are all eighth grade graduates from one of these schools.

MRS. W. GAUKEL, 72, DEAD

Skidmore Resident Succumbs to Long Illness—Had Lived in County Many Years.

Mrs. Wilhelmina Gaukel, 72 years old, died at 1:30 o'clock this afternoon at her home in Skidmore.

Mrs. Gaukel had been a sufferer with dropsy for some time. Her husband died a number of years ago. She is survived by five children. They are John Gaukel of Skidmore, E. G. Gaukel of Red Oak, Ia., William Gaukel of St. Joseph, Mrs. Arch Slagle of Ravenwood, and Mrs. Clarence Bailey of Skidmore.

No arrangements have yet been made for the funeral. Mrs. Gaukel had been a resident of Nodaway county for many years.

Special to The Democrat-Forum.

New York, Sept. 16.—Changes in the main agent of the International News Service took effect yesterday. R. A. Farrelley retires as the general manager and is succeeded by Fred J. Wilson, organizer of the Pacific News Service. Several changes and extensions are contemplated, which will render an even greater value to the clients than in the past.

The International News Service is the one which furnishes The Democrat-Forum with telegraphic news and is recognized as one o fthe world's leading news bureaus.

TWO COURT SESSION

BAR ASSOCIATION DECIDES TO DIVIDE SEPTEMBER TERM.

COMING ELECTION, CAUSE

Unimportant Cases Will Be Disposed of First—Others to Come Up About December 1.

At a meeting of the Nodaway County Bar association held this morning a decision was taken to divide the coming September term into two sessions, the chief reason being to allow the court and lawyers an adjournment during the county election.

The September term convenes Monday, the 25th, and all uncontested cases, motions held over and most of the equity cases will be taken up and disposed of. This session will probably occupy the court for a couple of days. With the disposal of these cases the jury will be held over until after the November election.

It is probable the term will not be resumed until about December 1.

One Hundred and Fifty-two Cases.

There are 152 cases docketed for this term. Of this number there are 18 parole cases, 16 divorce cases, 36 equity cases, 15 cases on the criminal docket and 67 trial cases.

Only two of the cases filed are attracting much attention from the outsiders. The most important one is that of Mrs. Q. A. Gilmore, charged with the murder of Mrs. Ella Shipps, and it is probable this will be tried at an adjourned term after the rest of the docket is cleared. Another sensational suit is the libel suit of Dora Davis against Chester Bancroft.

MR. COX MAY RETURN

UNANIMOUS REQUEST SENT TO MISSOURI CONFERENCE.

CHANGE AT SKIDMORE

Town Will Have Independent Church Now With Its Own Pastor—Numerous Changes Expected.

Dr. W. F. Burris, district superintendent, and the Rev. Gilbert S. Cox, pastor of the First Methodist church, will leave Monday morning for Kirksville to attend the Missouri conference of the Methodist Episcopal church.

It is expected that Mr. Cox will be returned to the Maryville charge. He concludes at this time a four years' work, and no pastor in the city has ever enjoyed a greater admiration and loyalty from his church people during his pastorate. A unanimous request has gone in to the conference that Mr. Cox be returned to Maryville.

One Change Expected.

There is but one change expected in the county charges. That will be at Skidmore, which heretofore has been supported in connection with the Burr Oak church, one pastor having charge of both.

These churches will now be independent, and the Rev. C. H. Sauceman, who has been in charge for the past seven years, will probably be transferred to another district.

Dr. Burris is on the conference program Tuesday afternoon and Mr. Cox will give an address on the Saturday afternoon program which is the educational anniversary one. He will also preach at the Baptist church of Kirksville the Sunday night following.

The Nodaway county pastors affected by the conference are Rev. H. McNamee, Hopkins; Rev. E. R. Kelley, Pickering; Rev. Clarke Baker, Barnard; Rev. C. H. Sauceman, Skidmore; Rev. D. L. Burger, Quitman; Rev. O. L. Sample, Burlington Junction; Rev. W. H. Holland, Clearmont; Rev. W. E. Tinney, Parnell.

NO B. B. GAME TOMORROW

In Consideration of Revival, Management Calls Off Game With Stanberry.

There will be no baseball game tomorrow as formerly arranged. In consideration of Dr. Charles Reign Scoville and the revival the baseball management has called off the game with Stanberry tomorrow afternoon.

It is probable that Dr. Scoville will make a talk at the fair grounds Wednesday afternoon and officially start the tournament by throwing out the first ball.

MRS. HOWE IS DEAD

Sister of President Wilson Passes Away After Long Illness—Her Brother Notified.

Special to The Democrat-Forum.

New London, Conn., Sept. 16.—Mrs. Anna M. Howe, sister of President Wilson, who has been severely ill for the last few months, died early today. The sufferer had a sinking spell at dawn, and was unconscious most of the time as the end approached. The president was immediately notified, and is expected to join the funeral party as the body is taken south for burial.

When the president was notified of the death of his sister, he canceled speaking engagements at St. Louis for September 20 and Baltimore for September 25. He and Mrs. Wilson will join the funeral train at Trenton, N. J., tomorrow.

The funeral of Mrs. Howe will be held at Columbia, S. C.

FOURTH PENITENTIARY FIRE

Conflagration Thought to Be of Incendiary Origin Breaks Out at Jefferson City—Slight Damage.

Special to The Democrat-Forum.

Jefferson City, Sept. 16.—The fourth fire since July 29 has broken out in the old main building of the state penitentiary this morning. The fires are believed to be the result of an incendiary plot on the part of the convicts. The fire was extinguished with slight loss.

Chemical Plant Blows Up—Caused by Overheating of High Explosives—Gruesome Sights.

Special to The Democrat-Forum.

Pittsburg, Sept. 16.—Twelve mangled bodies were taken from the plant of the Aitnea Chemical company at Oakdale, which was destroyed in an explosion last night. Pierced bodies are hanging on the telegraph wires, and human flesh is scattered about for hundreds of yards. Hands and feet are lying about everywhere. The searchers encounter these and other gruesome sights. Superheating of high explosives is said to be the cause of the explosion.

WHY MEN CHEW TOBACCO

It's the Only Way That Real Tobacco Hunger Can Be Entirely Satisfied

"OLD KENTUCKY" IDEAL CHEW

Since tobacco was first introduced to civilization, nobody has ever discovered so supremely satisfactory a way to get all the flavor and enjoyment out of it as chewing it. And no other form of chew can give you the hearty, wholesome, juicy flavor that you get from a delicious high-grade *plug* tobacco like Old Kentucky.

The secret of the greatest chewing satisfaction lies in the selection of your chew. Among plug tobaccos the brand that gets the most enthusiastic endorsement is undoubtedly Old Kentucky. The reason for this is not hard to find.

Old Kentucky is made exclusively of ripe Kentucky Burley—the most richly-flavored chewing tobacco that grows. Still more, only the very choicest of all the Burley leaf is used for Old Kentucky.

This choice leaf is selected with the most painstaking care, is stemmed by hand, is thoroughly washed free of all foreign matter and is pressed into plugs so slowly that not a drop of juice or an atom of flavor escapes. Moreover, Old Kentucky is made under the most rigid, cleanly and sanitary conditions.

The result is a sweet, mellow, luscious, satisfying chew that cannot be obtained in any other tobacco than Old Kentucky.

IN A BOMBARDMENT

OFFICER GIVES PICTURE OF HORRORS OF MODERN FIGHT.

Says That No Man Born Could Commit to Paper an Adequate Description of Battle.

Special to The Democrat-Forum.

London, Sept. 16.—An officer writing home from France, says:

"We live in exciting times now, and all that I experienced before is as nothing compared to this. It is quite impossible for you at home to get any conception of what is meant by the newspaper phrase 'terrific bombardment along the whole front.' The effect both to the ear and eye is such that the man is not born who could commit to paper an adequate description of it.

"If you try to imagine all the most terrific thunder that ever rent the air and try to concentrate it into one place and one period of an hour or so, you do not even then begin to get an idea of the noise which begins to shake both heaven and earth, while a mental picture of all the most vivid lightning you have ever seen, coupled with Brock's most magnificent display of fireworks, will not tell you the half of the effect of the 'strafes' to the eye.

"The other night I was on duty at a certain point while a final half hour's concentrated bombardment raged, and I realized as I have never done before what modern warfare means.

"In front of me were field guns which cast forth their projectiles in one continuous stream, while from behind and at each side of me came the death-dealing shells of our big guns.

"The noise was stupendous; the crack and the boom of the guns in front and the terrific reports from the guns behind, coupled with the shriek of the shell as they passed over our heads, made one great pandemonium of noise, and in the superlative degree, at that.

"The sight of it all was just as gigantic as the noise; the whole front was a blaze of light. The bursting of our own shells and those which the Germans were putting over, together with the glut of star shells which both sides were sending up, made up a sight which will, to me at any rate, make the most magnificent display of fireworks at the Crystal Palace seem as tame as a night light. And the feature of a bombardment like this is the way in which the country in front is revealed in a light as bright as the midday sun. You stand in darkness yourself, and in front you see miles of country like a huge and eerie panorama."

John Davis and his sister returned yesterday from Battle Creek, Mich., where they went for medical treatment. They are much improved in health.

This Once Was News

FORTY YEARS AGO.

We venture to say that few cities in the United States the size of this city have had as many representatives at the great Centennial Exposition at Philadelphia as Maryville. All who have gone and have returned express themselves as being highly satisfied with what they saw and learned while there.

Col. M. Craner and M. G. Roseberry were elected as school directors of the Maryville school district at an election held on last Saturday.

The scare about grasshoppers which was prevalent among our people a week ago has passed away and Nodaway county now is certain of turning out one of the largest crops of corn known in Northwest Missouri.

The Tilden and Hendricks club will be adressed at its meeting on tomorrow (Friday) evening by Lafe Dawson.

J. C. Waterman and Co. have disposed of their lumber yard in this city, Drennan and Williams being the purchasers.

The Shell Grove base ball club defeated a picked nine of this city Saturday by a score of 36-30.

TWENTY-FIVE YEARS AGO.

Conrad Yehle, Ed. Gillette, George Loranee, Fred Caughlan, Frank Hagin, Sylvester Dooley, Dale Alderman and George Earhart drove over to Conception yesterday and attended services at the new church.

A party of serenaders were out last night discoursing sweet music at a number of houses in Maryville. Misses Klingfelter, of Whitesville, Maggie Buhler, Julia Schumacher, and Messrs. Conrad Yehle, Anthony Russell, Chas. Buhler and John Schumacher.

Yesterday Dr. F. M. Martin added twenty-nine volumes of Encyclopedia Brittanica to his library at a cost of over $100. The Doctor has a most excellent library.

Chas. Hyslop returned this morning from his trip to Scotland and other places of interest in the Old Country.

The attendance in the Maryville High school now numbers 109, Prof. Beard says the largest that he has ever known at this time of the year.

H. T. Crane is putting in new show windows in his store on the west side, getting in readiness for the holiday trade.

We learn that B. Raleigh Martin was elected poet-laureate of the Seminary by the students this morning.

TEN YEARS AGO.

Judge Ellison and Court Stenographer, Harry Irwin, went to Oregon, Holt county, the first of the week where circuit court was convened Monday by Judge Ellison.

Miss Susie Ellison, Miss Donna Sisson and Miss Frances Smith left Monday for Columbia, Mo., where they will attend the University next year.

Manual training has been introduced in the Maryville High school under the instruction of Roy Lippman.

Miss Mary Hoppenjans, Miss Anna Wilmes and Ed Wilmes are the guests of Mr. and Mrs. John Wilmes of Parnell.

Mr. and Mrs. Alfred Cockayne and two children went to the Hopkins picnic today.

High School Notes

By WILLIAM VAN CLEVE

Football suits for fifteen men will e bought. Gate receipts will be depended upon to furnish money for the suits and other expenses. In most schools football is on a paying basis.

An assembly was held Monday morning at 9 o'clock. Superintendent McDonald made a short speech and then introduced the new teachers who also made short talks. Classes were then run through on a ten-minute schedule. At 11:30 o'clock school was dismissed and the rest of the day was devoted to eliminating the conflicts of the seniors and approving their credits. The new "Profs.," McDonald and Magee, showed their class by working straight through the noon intermission without any dinner.

There was nothing else of note on Monday except the kind efforts of the upper classmen to make the "greeners" feel at home.

Another assembly was held Tuesday. More announcements. Also the call for football men.

Two interesting features are being incorporated into the English course under Miss Keeler. One is magazine study, "Current Opinion" being chosen as the text. The other feature is oral English. This is of the nature of extemporaneous speaking. On certain days the student will be expected to stand before the class and make a one-minute talk on any subject he may choose. This work is given in the senior classes.

Dr. Scoville and his party made a visit to the high school Thursday morning. A special assembly was called at 11:30. Mrs. Scoville and Mr. Forsythe gave solos which were much appreciated. Both were encored and each gave a second selection. Dr. Scoville then gave a short address in which he gave reminiscences of his own school days and offered much good advice to the students. The three essentials to success, Dr. Scoville said, are "initiative, lay out new work; discrimination, use good judgement; and pep, put it over." Dr. Scoville and his party will probably give several more programs at the high school during their stay here.

The latest on the high school enrollment is 231 students, an increase of 5 over that of Tuesday. This registration is by no means complete, as quite a number of students will enter within the next week.

Through an error in composition the name of Eugene Yehle was omitted from the list of officers elected for the Maryville High School association. Mr. Yehle was elected vice president of the organization at the meeting Thursday.

Tucks of varying widths; crepe covered ball buttons on front and cuffs, and hemstitching unsparingly used, give tone and character to this very desirable model. Developed of a fine all silk Crepe de Chene.

No. 1271 .....Price $3.98

Two rows of hemstitching down front that closely resembles fine drawnwork; three rows of hemstitching on shoulder yoke, with material in between prettily gathered; turn back cuffs outlined with hemstitching, all tend to make this Blouse exceedingly attractive. Collar can be worn either high or low. Made of excellent Crepe de Chene.

No. 1393 .....Price $5.00

Made of an elegant quality of Crepe de Chene. Three plaits extending across bodice and six large pearl buttons, effectively trim front. Shoulder yoke and sleeves are joined with hemstitching, and hemstitching is used to ornament cuffs.

Through the co-operation of several hundred good stores with a maker of fine Blouses, are the remarkable values possible. The orders were placed by the retailers early—permitting the manufacturer in turn to then place his order with the Mill, and both because of his large quantity purchase and the time at which purchase was made, the price paid for the Silk represented a tremendous saving. Then, too, the method of manufacture greatly reduced the making cost—and the selling costs were entirely eliminated. All of these savings have gone into the Waists—and the prices quoted are radically under what the Waists would sell for if bought in the usual way.

REMEMBER—There's just a limited number to be sold at these prices.

CARE OF MACHINES IS LARGE INVESTMENT

M. A. R. KELLEY URGES CARE OF FARM IMPLEMENTS.

Farmers Should Study Machinery and See Where They Can Increase Its Efficiency.

The harvest is over. Every machine and implement which is not in use should be under cover. The fall rains plant the seeds of rust which are harvested by the manufacturers of farm machinery.

The average life of farm machinery in this country is short and for years has caused an enormous annual loss to the farmers and large profits for the manufacturer. The best machinery will wear out in time, but the life of any implement depends primarily upon the care it has received and the facility and the ability of the farmer to do repair work.

The implements used on the farm represent a large investment, and this investment increases yearly. Every year that can be added to their life represents profit. This is the age of the "iron horse," and unless we take care of our machinery the annual loss is going to increase enormously.

Every farmer should study his machine and see where he can increase its efficiency. Oil is cheaper than repairs and new tools and when properly used will reduce the friction and increase the life of the machine.

If the binder has not already been housed it should be done as soon as possible. During a trip across the state last winter the writer counted seven binders out in the field within a radius of fifty miles, and some of them were new machines. Under such treatment a binder will not last more than three years. Then the total yearly loss on these machines, whose cost is about $900, would amount to $300. This is more than the yearly profit on some farms. With proper care the same machines could have been made to last ten or fifteen years.

"A high polish on the mold board is of far more value than that acquired in high society." When you are through with your plow this fall cover your mold board with any heavy grease that will keep the air away from it and put it away. This will keep the plow from rusting and can be easily removed. The same treatment to the disc harrow and cultivator shovels will protect them.

The farm machinery is only used for a short period, but must work continuously when being used. Hence it must be in good running order and properly adjusted.

When buying a machine keep in mind these four words: Simplicity, Reliability, Durability and Accessibility. Then if the machine is given the proper care long life and greater profits are insured. Use plenty of oil and grease.—M. A. R. Kelley, Missouri College of Agriculture.

WEDDING MONEY TO POOR.

New Orleans Couple Put Aside an Elaborate Affair For Charity.

New Orleans.—New Orleans had a novel wedding recently when Miss Bella Julia Stern, daughter of Mr. and Mrs. Jack Stern, prominent in business and social circles, was married to Robert Frederick of Pittsburgh at the bride's home.

No big affair was had and the one which was planned was given up when the bride and groom decided that they would forego the spending of money on a wedding, but give it instead to the poor of the city.

Accompanied by her mother, a noted local charity worker, Mrs. Frederick went to the poorer sections and gave baskets of food to the poor, milk to sick babies and the like, her husband accompanying.

BIG FISH FIGHTS.

Gave a Wakeeney (Kan.) Resident a Sore Face and Then Got Away.

Salina, Kan.—E. A. Hillman of Wakeeney has a sore face, caused by a tussle with a large catfish which he attempted to catch with his hands while swimming.

The fish was seen under a log at the edge of the creek apparently asleep. Hillman slipped his hands along the side of the fish and had almost closed his fingers through the gills when his fishship came to life and jumped for liberty.

It struck Hillman such a blow in the face that he was thrown backward and his face badly lacerated and then escaped.

REVIVAL NOTES.

Young people's night tonight.

Sunday school contest for membership gain tomorrow.

Nearly 500 personal workers met with Extension Secretary Lon D. Parker last night.

Mr. Parker will meet young people and personal workers at 6:15 tomorrow evening at the First Methodist church.

Musical Director Charles H. Forsythe took a big crowd of youngsters on a hike, starting at 9:30 this morning.

Rev. O. L. Sample and Rev. W. H. Rust of Burlington Junction were on the platform and offered prayers last night.

Eighty-eight girls at the girls meeting, seventy-six boys at the boys' meeting and sixty-four men at the men's meeting yesterday indicate great interest, say local boosters.

"Ain't she nice and sweet?" said one little girl to another, when Mrs. Arlene Dux Scoville arose to sing.

Neck craning was popular last night because during the day a number of cards and banners were tacked up around inside the tent.

A wee, lonesome little mouse ran out from under the speaker's platform and straight toward the feet of a woman on the front seat. The woman calmly moved her feet and the mouse passed on.

Rev. R. U. Waldraven and Mr. Parker sang an impromptu duet, "In the City Where There is no Sun," and were roundly applauded.

A mass meeting of children will be held a week from today.

The choir tried to sing loud enough to be heard in Burlington Junction. Somebody reported that the singing was heard twenty blocks from the tent-tabernacle Thursday night.

"Wear a fine suit of clothes when you preach in the city, but take a sermon to the country," Dr. Scoville advised ministers while welcoming the farmers last night.

"Old Folks" meeting at 10 o'clock Tuesday morning and service every morning during the week.

Mrs. Scoville and Mr. Forsythe sang "Lead Me Gently Home, Father" to the delight of the audience.

Wednesday will be Mothers' Day of the revival. Everybody who attends is requested to wear a white rose. Special music and other numbers will be given.

Nearly everybody appeared to be wearing warmer clothes and the crowd was apparently in perfect comfort.

"Bring your dinners and stay all day tomorrow," invited the evangelist, addressing those from out of the city, many of whom plan to attend all three services tomorrow.

A big crowd of men attended in a body, as it was Men's Bible Class night.

Dr. Scoville spent five minutes urging folks to subscribe to daily papers carrying reports of the campaign. Ushers distributed envelopes through the audience and a number ordered the papers sent to friends while the evangelist is here.

MARSHALL WILL KNOW NOW

Candidate for Vice President Will Be Notified of His Nomination This Evening.

Special to The Democrat-Forum.

Indianapolis, Ind., Sept. 16.—Vice President Thomas R. Marshall will be officially informed tonight that he again is Woodrow Wilson's running mate in the national campaign. The city is filled with Democrats from all sections of the state, the enthusiastic partisans endeavoring to outshine the Republican rally at the times Charles Warren Fairbanks was officially told he is the opponent of his neighbor and friend for vice president.

National Chairman Vance McCormick and members of the national notification committee, of which Evans Woollen, a banker of this city, is chairman, were guests at a reception at the Indiana Democratic club this afternoon. Preceding the notification at Tomlinson hall tonight a torchlight parade will be staged.

Former Governor Martin Glynn of New York will deliver the notification speech. J. A. Adair, candidate for governor, is chairman of the reception committee, and Senators Kern and Taggart are heads of the entertainment committee. Governor Ralston is the temporary chairman of the notification meeting.

Vice President Marshall likely will make several speeches in Indiana before starting on a tour laid out by the national committee.

NEW CORN FOR HOG FEED

Not Often Cause of Cholera in Animals If They Are in Healthy Condition.

Hogs often take cholera soon after being put on a ration of new corn and its use is often condemned on this account. New corn alone is not the cause of hog cholera, but it may be a factor along with other conditions, that helps weaken the vitality and renders the animal less resistant to disease. nI order that new corn may be fed with safety the animals should be put in a healthy, vigorous condition before time to begin feeding.

When the animals are in a thrifty, growing condition there should be much less danger, but the herd should be gotten on full feed gradually. It is well to give them about a stalk of corn per hog the first day, gradually increasing it by one stalk a head every other day so that it is getting two stalks the third day, three stalks the fifth day and so on until they are on full feed.

This gives the stomach time to adjust itself to the new ration and is a specially good thing to do before turning old hogs into the field to hog down corn. It is less necessary in case of the shoats, which are not so likely to overfeed, because they do not have the weight and experience which enable them to break down the stalks very rapidly.—E. R. Spence, University of Missouri College of Agriculture.

President Ripley states Santa Fe's position on eight-hour wage law and asks an important question.

THE ATCHISON TOPEKA and SANTA FE RAILWAY CO.

Chicago, Ill., September 8, 1916.

TO SANTA FE EMPLOYES AND THE PUBLIC:

This is the position of The Atchison, Topeka & Santa Fe Railway Company regarding the controversy with its train-service employes over their demand for increased compensation:

Congress, hastily acting under a threat of four leaders of labor organizations, enacted a so-called eight-hour law, which is nothing more nor less than an advance of twenty to twenty-five per cent in the wages of the best paid men in railway service.

It is only fair to our employes and the public to say that The Atchison, Topeka & Santa Fe Railway Company **does not intend to comply with the law except as and when ordered to do so by the court of last resort.**

The merits of the case have been fully explained in the last few months and need no further mention.

Should the courts finally decide that the increase must be paid, there will be an immediate demand from the remaining classes of labor, resulting in entire inability to pay without **heavy increases in rates** to be paid by the public—especially the farming class.

IS THE PUBLIC PREPARED TO MEET THE DEMAND?

This notice is for the information of all concerned.

E. P. RIPLEY, President.

DEEDS OF DARING.

German People Stirred by Exploits of Fighting Men.

REWARDED FOR BRAVERY.

Acts Performed by Immelmann, Weddigen, Von Muecke, Boelke, Schlodien and Others Have Attracted Much Attention—List of Heroes Long.

Berlin.—Germany has always been a land of hero worship, and everything has been done to encourage it, especially in this war. The list of German heroes has been a long one, and then, too, there are the thousands of others who have died unknown and unsung.

Lieutenant Immelmann, the aviator, was very young. When his death became known a great wave of sorrow swept over all Germany. The last aeroplane he shot down was his sixteenth.

Since the days of Carl Theodore Koerner no young hero has been so

Photos by American Press Association.

popular in Germany as has Otto Weddigen. His memory, like Koerner's, will be forever young.

As soon as he was old enough he entered the German marine, where his elder brother was already an officer His marine career was a meteor-like one. The deeds of his U boat in the present war rang through the world, the U-9 sending down the English cruisers Aboukir, Hogue and Cressy and the large cruiser Hawke. He was then put in charge of the U-29 and given the order of the Pour le Merite. The U-29 sank four British, two French merchant vessels and many smaller boats.

The daring deeds of the Emden and the Ayesha are well known. The Emden went out under the command of Captain von Mueller, chasing merchant vessels in the sea of Bengal, where she spread terror. The English called her the "Flying Dutchman" and gave chase. Near the Keeling islands the Emden succumbed after a heroic resistance, and a detachment disembarked on the islands under the command of Lieutenant von Muecke. They took with them the small boat, the Ayesha. After many exciting adventures they succeeded in reaching the Arabian coast. Here they had many encounters with the Arabian tribes, but they made their way to the Hedjas railway and thence to Constantinople and then back to Germany. Captain von Mueller was taken prisoner by the English.

The Moewe became the successor of these two boats, and her commander, Dohna-Schlodien, is famous.

Since the death of Immelmann, Captain Boelke, the flier, has been the most popular of all the now active young German heroes. He has brought down his twentieth aeroplane and several months ago was given the order Pour le Merite.

She Prefers Jail to Farm.

Denver.—Farm life may appeal to some folks, but jail life seems preferable to Mrs. Agnes C. Adams, aged twenty-five years, who deserted her husband and four children recently rather than stay longer on her husband's truck farm in Jefferson county. Mrs. Adams was arrested by Humane Officer Morton David. Given the alternative of returning to the farm or facing a charge of deserting her children, she replied: "I won't go back. I love my husband and my children, too," she told Police Matron Davis, "but I simply can't endure life on that farm any longer."

Umbrella Struck by Lightning.

Atchison, Kan.—A. J. Haskins narrowly escaped with his life here the other day when the umbrella he was carrying was struck by lightning. Haskins says that he seemed to be enveloped in a ball of flame. His legs and arms are still numb from the effects of the shock.

Fine Program at Fern.

The Fern Theatre has an exceptionally fine program next week, presenting some of the best movie dramas in the motion picture world, and also featuring some of the most noted stars. The numbers for the week are:

Monday, Sept. 18—"The Mexican Insurrectos," a multiple reel feature of the present situation in Mexico; and a screaming comedy entitled "Wholesale Proposals"; also another comedy supreme, "Auntie's Romance."

Tuesday, Sept. 19—The Blue Bird Film Co. presents dainty Violet Mersereau in "The Great Problem." This is one of the best pictures that was ever shown in this city and anybody missing it will miss one of the best pictures of the season.

Wednesday, Sept. 20—The Universal Film Co. presents Grace Cunard and Francis Ford in "Peg o' the Ring."

Friday, Sept. 22—William Fox presents that noted actor with the big stage reputation and film experience, Robert B. Mantell, in one of his best productions, "The Spider and the Fly."

Saturday, Sept. 23.—Little Mary Pickford in a beautiful photoplay, also "The Substitute," two-reel western picture.

From now on every Monday and Saturday there will be shown Western pictures at the Fern.

CLEARMONT NEWS.

We understand our city schools are progressing finely and are informed that McClintock says the senior high school class is the best posted of any he ever saw. This speaks well for the class; also for Prof. Somerville, who had them in charge the past two years.

Wednesday morning, upon solicitation, thirteen teams, drawing eleven wagons, were furnished through the kindness of their owners and a good quantity of sand was hauled from the river west of Clearmont for the purpose of laying a cement walk around the east and south side of the Baptist church. The plan is to put down this walk Friday. If there are those who can contribute a little time to this work it will be greatly appreciated by the church. Dinner will be served at the church by the ladies so that all will have a pleasant time along with the work.

The little son of W. T. Humphrey was kicked by one of Mr. Humphrey's mules last Friday morning, but fortunately it did not prove very serious. Mr. Humphrey was at the lumber yard loading up some lumber for his new house, and the boy was with him. He was running around, and as he passed one of the mules kicked and struck him on the side of the head and chest, knocking him several feet away. Howard Garrett picked him up and with the father hurried to Dr. Wiley's office. Examination revealed that no bones were broken. The little fellow was quite sick all day and night, but is all right now. Fortunately he was close to the mule or there would have been a different ending to chronicle.

BURLINGTON JUNCTION POST.

The Caldwell Angus show herd took hook, bobber and line at the Minnesota state fair last week, capturing practically everything in the Angus class, according to a message from E. F. Caldwell to his father. The herd is at the Wisconsin state fair this week where it is up against some strong eastern competition.

C. D. and E. F. Caldwell have issued a handsome booklet, consisting of sixteen pages and cover, containing views of their Aberdeen-Angus farm, and announcing their sale, which will be held at the farm north of town October 31. The Caldwells now have the most famous Angus herd in the country. One of their calves sold for a thousand dollars at the Minnesota state fair last week.

The Burlington Junction band is now practicing regularly again, fifteen members being out for the rehearsal Tuesday night. The band will meet for practice every Tuesday and Friday night and it is to be hoped that all of the members will be present at every rehearsal. Some of the members have been very faithful and the success the organization has made is due largely to their efforts.

BARNARD BULLETIN.

Prof. E. A. Hanna, formerly of Hopkins, but now of Oklahoma, was in this vicinity this week visiting his old friends and pupils. Mr. Hanna is employed as superintendent of the Fort Cobb schools in Oklahoma, having a full four year high school and six teachers. He left for his work there Wednesday after having spent the summer in Denver.

Joe Eaton shipped out two hogs of his own raising Saturday and had them on Monday's market. They brought the top price of $10.87½, being the only hogs that sold that high.

Harry Ashford and wife are the proud parents of a new daughter, born Monday, September 11.

Dr. Dixon, our genial dentist, went to Kansas last Friday night to get his wife and household effects, and arrived here with them the first of the week. They will make their home here and will be at home to their friends in a few days.

Dr. Pollard lost a valuable cow last week when William Hackett of east of Guilford ran into her, breaking her hind leg. The accident took place just across the bridge in front of Matt Baker's place. The cow was killed and sold to the butcher for meat.

Mrs. Carl Hagg was operated on last week in the St. Joseph hospital and at this time is improving as rapidly as possible. Her husband and children went down to see her Wednesday.

CONCEPTION COURIER.

Conception College commenced the 1916-17 school term last Thursday, Sept. 7. It is estimated that nearly 100 students have entered thus far, and this term gives promise of being a very successful one. Many of the familiar faces are missing this year, a number having finished up last spring.

The members of the Home Talent Dramatic Club held a very enjoyable picnic in the Sisters' grove southeast of Clyde, Sunday. A large number of the club members and their guests were present.The dinner was furnished by the young ladies of the club, the young men furnishing refreshments of ice cream and pop. All present report a good time.

Miss L. McLaughlin of Burlington, Iowa, a former student at St. Joseph's Academy, who was the guest of Miss Lucy Archer of near Conception last week, is visiting with Miss Mae Graham, near Ravenwood. Miss Archer is also the guest of Miss Graham.

The Vandeventer Lumber company has been disposing of considerable building material during the past ten days. Among other sales, a car load of lumber was shipped over the Wabash to a customer between here and Maryville.

HOPKINS JOURNAL.

The P. E. O. Chapter celebrated its 20th anniversary on Monday afternoon of this week with a one o'clock luncheon at the home of Mrs. Gertrude Clutter, with Mrs. Florence Moorehead and Mrs. Gertrude Clutter as hostesses.

Rev. H. McNamee will close the third year of his pastorate of the M. E. church in Hopkins next Sunday, and soon leaves for Kirksville to attend the annual conference, with Bishop William A. Quayle in charge. Rev. McNamee is one of the strongest men in the conference today and Hopkins is fortunate to have him, all hoping that he will be returned. He is expecting a large attendance at all the services next Sunday, and hopes the closing of this year's work will sustain the splendid showing of the two preceding years. He expects to drive to Kirksville in his car if the roads are fit and will be accompanied by Mrs. McNamee.

They are telling that a Hopkins boy who is an usher at the Methodist church in this city got badly rattled when his best girl entered the edifice with her mother last Sunday night. But it wasn't a Hopkins boy at all—it was a chap down at Wellington, Kan., and the News of that place says he was so confused when the couple entered the church that when he went to seat them, he said: "Mardon, me, padam, but you are occupewing the wrong pie—allow me to sew you to another sheet."

While returning from St. Joseph last Thursday night Frank Cox met with an automobile accident as a result of the lights on his car being dim. The road about a mile north of Pickering had been freshly graded and Frank drove a little too near the edge of the ditch, skidding into it. The car turned on its side, throwing the occupants out, but no one was hurt. Besides Frank, the occupants of the car were: Mrs. Cox and the two children and Mrs. J. W. Lindsay and Mrs. Harry Jones. The car was not damaged in any way, and with a little help Frank soon had it back on its "pegs" and the party reached home without further trouble.

PARNELL SENTINEL.

Rude Teeters was taken to St. Joseph Friday to have an operation performed for appendicitis. Those who accompanied him were his wife, Mrs. Bessie Bryant, John Teeters, Fred Teeters and Dr. Nye.

T. C. Dukes has the contract of building the new Catholic parsonage on the lot north of the Catholic church. The building will be 32x34 feet and 20 feet high. This will be a fine structure when completed and an ornament to the town. It is to be completed on or about January 1, 1917.

Ex-Postmaster Brashear was taken sick Friday and was in a very serious condition for a day or two, but we are glad to report that he is getting much better.

Ellis Hanes sent to this office Saturday an ear of corn measuring 11½ inches in length. He says it is an average ear on his place this season. Mr. Hanes and family expect to leave for South Dakota about the first of December, where he recently purchased 320 acres of land.

Guy Simmons purchased yesterday from Cecil Talkington his property west of the Odd Fellows' hall. He gets one residence lot and the old canning factory ground of one acre.

SKIDMORE NEWS.

Dr. S. R. Tanner wishes to announce that he is permanently located in the Odd Fellows' building, ready to do all kinds of dental work. Filling, crown and bridge work a specialty. He has had five years' experience in general practice and is a graduate of the Dental department of the St. Louis University. Courteous treatment to all.

George Masters, living eight miles northeast of town, was buying a bill o' lumber here to put up a house on his farm, five miles east of town. George came in and fudged his subscription along quite a distance ahead. He says he gets home news from the News and the children all like to read it.

Lester Linville and Charley Money have purchased the restaurant belonging to Bramble & Son. The deal was made last Friday, Linville & Money taking possession Saturday morning. The News joins their many friends in wishing them the best of success.
